Renee Blackmon  
Executive Assistant  
J Renee Girls Talk

April 10, 2025

To Whom It May Concern,

I am writing to highly recommend Hamza Khan for any role or opportunity requiring expertise in Building Information Modeling (BIM) and related construction and design services. I have had the pleasure of working with him over the past 2 years and have been consistently impressed with his technical ability, problem-solving skills, and professionalism.

As a BIM Engineer, Hamza has demonstrated a high level of skill and knowledge in BIM modeling, 3D rendering, and project planning. He has played a vital role in producing accurate and detailed permit drawings, coordinating construction permits, and ensuring that project designs meet regulatory requirements.

Hamza is particularly skilled at identifying and solving complex design challenges early in the planning process, which has saved valuable time and resources on several projects. His ability to think critically and offer innovative solutions has been a tremendous asset to our team.

In addition to his technical skills, Hamza is highly organized, communicates effectively with project stakeholders, and consistently delivers work on time and within scope.

I am confident that Mr. Khan would be an excellent addition to any team and will continue to bring value through his expertise in BIM modeling, construction planning, and project coordination.

Please feel free to contact me if you would like to discuss Hamza's qualifications further.

Sincerely,

Mrs. Renee Blackmon,
